THE DEWEY SIMMONS family smile happily as they talk with friends Saturday morning as work starts on a new, modern home for them. Mr. Simmons has been an invalid for years and the home will be the gift of friends and others. The Simmons family, Dewey, Flo and Mike, were guests Saturday in the home of Mr. and Mrs. Barney Fitzgerald. In top photo work of digging the basement has just started. The excavating of the basement and cistern, plus pouring the basement floor and walls was a contribution of the Stille Construction Co. (Daily Register Photos)

## Neighbors and Friends Begin Work Building Home for Invalid, Family

"...Thou shalt love thy neighbor as thyself." Matthew 23:9.

Christian Brotherhood in Action, coming to the aid of a fellowman in need, was vividly portrayed Saturday when work was started to construct a modern home for an invalid man and his family near Tunnel Hill.

Dewey Simmons, 39 years old and a native of the Tunnel Hill area, has suffered from arthritis or a paralytic condition for years and has been almost completely helpless since 1942.

An over deposit of calcium has left his neck, spine and legs in a rigid condition. Dewey has the use of his right arm from the elbow and complete use of his left arm.

So that he might sit in a wheel chair Dewey entered a hospital in 1948 and had both hips broken and pinned and his body was moved into a sitting posture.

Simmons, a cheerful, friendly young man has been in and out of hospitals since 1938 and although he has been told by many doctors there is no chance of improvement in his condition he states he is very fortunate and has been blessed by the Lord. To prove his point he said "Just look at all these wonderful neighbors and friends. I would never have known how wonderful people could be if I hadn't become an invalid.

The friends and neighbors referred to were many people that had come from points all over southern Illinois Saturday to assist in ground breaking ceremonies for the construction of a modern, five-room home with full basement. The home will be on a hill, giving a fine view of the beautiful country-side between Tunnel Hill and Vienna on Route 45.

The home and furnishings will be the gift of people in the area who have known Dewey from childhood and from people who have been told of the proposed building program by these lifelong friends.

The idea to build the home was sparked a short time ago by Mrs. Barney Fitzgerald, known far and wide as "Lula Belle of Johnson County."

Lula Belle, who plays a guitar and sings, has entertained at gatherings throughout southern Illinois.

Mrs. Fitzgerald talked with Royce L. Bridges, editor and publisher of the Vienna Times and Mr. Bridges agreed it was a project that should be carried to completion. The proposed building program was first publicized in the February 14 edition of the Times and contributions began to arrive.

Then Lula Belle personally contacted contractors, lumber dealers and furniture stores and everywhere she went the idea was accepted with enthusiasm.

Saturday, March 9, was designated as ground breaking day and Lula Belle invited newspaper men to attend and give the program a "push" in all southern Illinois.

Newsman, contractors, workers, friends and neighbors gathered Saturday morning and due to the intense cold it was thought best for Dewey to remain inside.

Everyone was invited into the Fitzgerald home. Hot coffee was served, Lula Belle entertained with several numbers, including Dewey's favorite hymns and Rev. Loren

## Local Elks Ritual Team is District Winner

Members of the Harrisburg Elks ritual team returned from Carmi yesterday with the first-place award in the South district ritual contest, following ritual competition with five other teams in the district. It was the first time a team has entered from the local lodge.

In addition to winning the team award, the local group also won four first places and three thirds in the judging for individual stations, in competition where final point scores were carried out to ten-thousandths of a point.

The Harrisburg team now will advance to state competition at the state Elks convention in Springfield in May, where they will compete against the winning teams from the other six districts in the state for the right to go to the national competition at San Francisco in July.

Judging for the contest, which is in the same form at district, state, and national levels, is on the basis of memorization, deportment, team appearance, and impressiveness, with the latter being the most important portion of the team performance, and visiting Elks dignitaries at Carmi were highly complimentary of the Harrisburg team's performance.

Individual first-place winners were Exalted Ruler Vern Joyner Jr., Esteemed Leading Knight John R. Small, Esteemed Loyal Knight Owen Hunsinger Jr., and Chaplain Wayne Dixon. Third-place individual winners were Esteemed Lecturing Knight Marion Bradley, Esquire Richard Webb, and Inner Guard Floyd Jones.

The individual and team awards will be presented at the South district spring meeting at Du Quoin next month.

## Ozark Tour Committee to Improve Road To Little Garden of Gods

## Group Assured Of Co-Operation By Forest Service

The Ozark Tour committee, meeting Friday night at Santy's cafe, voted to spend money on improving the road to the Little Garden of the Gods in southeast Saline county and was assured of co-operation by the Forest Service, William Farley, head of the committee, announced today.

The group, which will hold its 27th annual Ozark Tour starting the third Sunday in July, also heard a report by Arch Voight of Du Quoin on plans to publicize further the Skyline Drive along the Trigg Memorial Ozark Trail.

Arrangements are being made to have temporary markers along the trail before the spring dogwood and redbud season and Supervisor L. P. Neff of the Shawnee National Forest indicated that the Forest

## Firemen Put Up Fallen Stovepipe in Home Of Invalid Woman

The fire department, since Saturday afternoon has made two runs to extinguish fires and one call to put up a stovepipe, which had fallen in the house of an invalid woman.

The woman, who resides on South Washington street, called firemen to say her stovepipe had fallen down and the house was filling with smoke. Two firemen, in an auto, hurried to the address and fixed the stovepipe.

At 8 a. m. yesterday a run was made to the 45 cafe, where grease caught fire and damaged the ceiling and a wall in the kitchen.

At 8:20 a. m. today a run was made to extinguish a grass fire at the end of West Raymond avenue. Fire Chief L. G. Martin said the fire was caught from a rubbish fire and urged persons not to start fires on windy days.

## Free Mother of Murder Charge

MARION, Ill. (UP) — A mother of two children was free today of murder charges in the shotgun slaying of her husband.

An all male jury deliberated about 1½ hours Saturday before acquitting Mrs. Ouida Cannon, 30, in the death of her husband, Raymond Lee Cannon, 31, last Sept. 1.

Mrs. Cannon displayed no emotion when the verdict was returned in the six-day trial. However, cheers broke out in the courtroom and relatives rushed to her side to embrace her.

Mrs. Cannon pleaded innocent to the slaying. Her attorneys contended she was temporarily insane at the time her husband was shot to death. A psychiatrist supported the contention.

The state charged Mrs. Cannon had bought shotgun shells several days before the killing and that the murder was premeditated.

## Death Takes Mrs. Luther Smith, Galatia Resident

Mrs. Pearl Smith, 64, wife of Luther Smith, died at the family home in Galatia early Sunday morning.

The body was received by the Courtney funeral home of Galatia where it will remain until the funeral hour. Funeral services will be held Tuesday at 2 p. m. at Pleasant Valley church east of the village of West End. Rev. Snyder, church pastor, assisted by Rev. Clifford Sullivan and Rev. Irvin Braden, will officiate. Burial will be in the church cemetery.

Survivors include the husband, Luther Smith; three children, Kenneth Ray Smith and Mrs. Eugene Karnes, both of Galatia, and Mrs. Ruby Carter, Ft. Branch, Ind.

She also is survived by three sisters, Mrs. Norma Garner of Carrier Mills and Mrs. Eva Smith and Mrs. Nettie Braden, both of Galatia. There are two grandchildren.

## Plane Bounces, Overturns

## Eastern Air Lines Plane Crashes While Landing at Louisville; Five Injured

LOUISVILLE, Ky. (UP) — Civil Aeronautics Board officials today began an investigation of the crash of an Eastern Air Lines passenger plane which crashed while landing Sunday, shearing off a wing and skidding 100 feet on its top.

Five of the 31 passengers aboard were injured but only one of them required hospitalization. William A. Brown, Birmingham, Ala., was held for observation overnight at St. Joseph Infirmary, where he was reported in satisfactory condition today.

The plane, en route from Chicago to Miami, was a total loss. The crash occurred as the plane touched down on the runway, bounced 40 to 50 feet into the air, careened several hundred feet and overturned, ripping off the left wing and engine assembly.

The sheared-off engine caught fire but was extinguished quickly by field emergency trucks.

Crew members said there was no panic despite the fact that the passengers were dangling upside

down by their safety belts after the craft came to a jarring halt. Maj. Donald Ferris, Las Vegas, Nev., an Air Force jet fighter and passenger aboard the plane, said he believes it blew a tire after the bounce.

Passengers credited Andrew F. Andler, a Chicago consulting engineer, with helping to prevent panic after the crash.

H. Solomon Horen, Louisville, Ky., a passenger, said, "He ought to get a medal of some kind. I thought he was a member of the crew the way he helped people after the crash. He was remarkable."

Other passengers said Andler's calm assurances and commands to "take it easy—everything's going to be all right" helped keep down panic. The passengers all made their exit from an emergency escape hatch.

Some of them were unable to release their safety belts as they dangled helplessly upside down, and were helped down by crew members and other passengers.

## List Dates for County Visits of State Mobile Unit for Chest X-Rays

Make plans today to visit the mobile X-ray unit on one of the following dates scheduled for Saline County it was urged today by the Egyptian Health Dept. and the Saline County Tuberculosis Ass'n.

Town Date Town  
Carrier Mills Mar. 19 10-1 2-5  
Galatia Mar. 20 10-1 2-5  
Harrisburg Mar. 21 10-1 2-5  
Harrisburg Mar. 22 10-1 2-5  
Harrisburg Mar. 23 10-1 2-5  
Eldorado Mar. 29 10-1 2-5  
Eldorado Mar. 30 10-1 2-5

This is one of the many services provided by the health department. The mobile X-ray unit, owned and operated by the Illinois Department of Public Health, is sponsored by the Egyptian Health Department and the Saline County Tuberculosis association. Representatives from the Health department and the tuberculosis association combine their efforts to make available this opportunity to get a free chest X-ray. All persons, 15 years and older, are urged to take advantage of this service.

To get a chest X-ray, will take only a fraction of a person's time. All you have to do is to go to the unit on one of the above dates, register, step in front of the X-ray and you are all through. No dis-

robining is necessary. The film is developed and interpreted then a personal report will be sent to you without charge. This is your contribution toward better health for all people. At the same time, you know more about the condition of your own chest.

A chest X-ray not only discovers tuberculosis but also heart disease, cancer and other tumors. In fact, more heart disease is found in mass chest X-ray programs than in tuberculosis.

Tuberculosis is a disease that doesn't make itself known by obvious symptoms. A person, seemingly very healthy, may have an active case of tuberculosis. Yet may feel just fine. Tuberculosis is no respecter of class, creed or color. It can strike anywhere at any time. At present it is one of the major public health problems in this area. For the United States as a whole, it ranks number eleven in the leading causes of death.

## Situation Exaggerated, Objectors to Editorial Complain, But Words Have Merit

(An Editorial)

There has been objection from a number of local sources to the Saturday editorial regarding the Carrier Mills incident. Chief complaint seems to be that kids will be kids and were just having a good time after victory, that there have been some exaggerations of the situation.

We'll grant that in times like that, it is hard to put a finger on just what started what and on the events that led up to the incident, and we'll reiterate we have no objection to kids staging a victory parade.

The editorial was written as a result of comment by the mayor of Carrier Mills and his words have merit.

What the thing the editorial tried to get across was this: When people fail to heed the requests of the law and city board of a town, an explosive situation can develop which could be regrettable.

One Harrisburg lad, only 15, was injured, which is deplorable. But the whole thing could have developed to the place where 20, or 30, or 40 persons were hurt and there was a lot of property damage.

If that had happened, there would have been made an irreparable breach between the two communities. Something like that is what we want to prevent before it ever happens.

Two local youths, Bryan Jones and Bruce Roper, brought in an editorial they prepared after reading Saturday's editorial and here is their answer:

"There is a lot more to winning a game than coming out on top in the final score.

"But there is no reason in degrading only the Harrisburg students.

"Some people seem to forget how Carrier Mills carried on when they beat us in the past. There were always carloads of Carrier Mills students driving around Harrisburg 'rubbing it in.' But was anything said about that? No!

"And talking about poor sportsmanship, we think it reached its zenith last year when Carrier Mills kept its first five in to trounce Harrisburg, 109 to 49.

"But still, Carrier Mills complains about this 'rubbing in' while one of its own citizens, a grown man, injures a 15-year-old Harrisburg youth, who was hospitalized Friday night.

"What Mayor Freeman O'Keefe said was true and couldn't have been said in better words, but let's get both sides of the incident before condemning any one group."

## Decision is Announced After Board Meeting

## Tentative Location Near Twin County Service Company

The Saline County Farm Bureau plans to build a new building in Harrisburg to house its organization offices.

Decision on the matter, which has been under consideration for several months, was made Saturday at a regular meeting of the board of directors of the organization.

Raymond Vinyard, organization director, stated today that plans are not complete, but generally the proposal is to build a one-story building about 50 by 60 feet, with basement.

A tentative location is immediately west of the Twin County Service Company plant, which is situated at a point where South Main street enters Robinson in south Harrisburg.

Mr. Vinyard said the Twin County Service Company owns the lot and that the board of directors of that organization will be asked to make formal offer of the site at its next board meeting.

1800 Members in County

The present offices of the Farm Bureau are at 9 1/2 North Gum street, across the street west from the New York Central station. More modern and adequate offices on a first floor, with parking space adjoining have been desired for some time.

Consideration was given by the Farm Bureau board to the Lincoln school on East Walnut as a possible site, and a board committee met with school officials to discuss that possible site for the new headquarters.

The Farm Bureau is a strong organization in the county with approximately 1800 members. It continues to operate in co-operation with the extension service of the University of Illinois School of Agriculture, but the activities of L. B. Kimmel, farm adviser, have been divorced from the business affairs of the organization.

Mr. Vinyard said he has been instructed to contact building contractors, collect suggested plans for the new building and secure other details to be turned over to the building committee for action.

## The WASHINGTON MERRY-GO-ROUND by DREW PEARSON

DREW PEARSON Says:  
Secretary Wilson Ordered  
Court Martial Of Col. Nickerson  
On Basis Of Secret Docu-  
ment Received By Merry-Go-  
Round; Wilson Seized The  
Document; News Guidance At  
Pentagon Becomes More Dif-  
ficult As Result Of Wilson's  
Action.

WASHINGTON. — The Army's  
court martial of Col. John Nickerson  
Jr., senior officer of the Redstone  
arsenal at Huntsville, Ala.,  
for violating security, raises some  
important problems regarding se-  
curity as far as news is concern-  
ed.

The Defense Department has  
sometimes been worried about  
newsmen who accidentally violat-  
ed security by publishing some-  
thing which might aid a foreign  
country. The Nickerson court mar-  
tal, however, is a case where a  
newspaperman has to worry about  
cooperating with the Defense De-  
partment. It violated the news  
ethics established in Washington  
for years.

It happens that the Nickerson  
court martial was touched off  
through this column's concern  
that an Army document describ-  
ing the relative merits of guided  
missiles might contain security  
information of aid to a Russian  
spy. The document, accordingly,  
was submitted to the Defense De-  
partment for guidance.

Col. Nickerson, it now appears,  
was the probable author of this  
document, though I did not know  
this at the time. The document  
did not bear his name. Obviously  
written by a highly skilled techni-  
cian who knows the battle between  
the Air Force and Army over  
guided missiles backward and for-  
ward, it was sent to certain con-  
gressmen in an effort to block  
Secretary Charles E. Wilson's or-  
der limiting the Army's work on  
guided missiles and favoring the  
Air Force instead.

#### MUCH TECHNICAL DATA

The document contained certain  
data which obviously should not  
be published, much that could be  
published. It gave the perform-  
ance figures on the Army's Jupit-  
er C missile fired last September  
which hit a range of over 3,000  
miles.

The document also announced  
the approximate time and place  
for the firing of the Air Force mis-  
sile Thor in February. Publica-  
tion of this would have given an  
enemy a chance to station a sub  
at sea to observe the test. The  
test was later postponed.

There were also data showing  
how the Air Force Thor and the  
Army's Jupiter were believed to  
be equal in performance, both be-  
ing powered by oxygen-kerosene  
engines and guided by the inertial  
guidance system, etc.

The document also contained  
technical information on the coun-  
ter-jamming circuits being built  
into anti-aircraft missiles like the  
Falcon and the Snark. Some per-  
formance statistics were given,  
which it appeared should not be  
pushed.

There was also a discussion of  
the Navy's experiments with solid  
propellants, a compact fuel better  
adapted to storing in submarines  
carrying guided missiles. The  
size of the Navy's propellant mis-  
siles was given, together with the  
date they would be ready for  
launching.

The document also discussed the  
record of Hitler's V2 missiles, all  
of which was history and there-  
fore certainly not classified. It  
was pointed out that although the  
British checked the launching of  
these deadly weapons by bombing  
their launching sites, Hitler got

around this by building mobile  
launchers.

The document also revealed  
that the Air Force's guidance me-  
chanism for the Thor was devel-  
oped by the AC sparkplug division  
of General Motors, while the Jupit-  
er's guidance mechanism was  
developed by the Redstone arsenal  
at Huntsville. Col. Nickerson  
was senior officer here, and natu-  
rally had a right to be proud of  
his work. This was not, however,  
mentioned in the document.

#### VOLUNTARY CENSORSHIP

For roughly 20 years, ever since  
Hitler's war clouds began to col-  
lect before Pearl Harbor, it has  
been my practice to consult with  
the Army, Navy, or Air Force re-  
garding information which, if pub-  
lished, might be helpful to a po-  
tential enemy. This is also the  
practice of many newsmen in  
Washington. It is not compul-  
sory.

During the war, an efficient,  
voluntary system of press cen-  
sorship operated under Nat. Howard,  
editor-in-chief from the Clevel-  
and News. Many newsmen of  
their own accord have continued  
the principle of that system to-  
day.

The success of any such system  
requires cooperation from the  
armed services. They cannot vio-  
late a newsmen's information,  
give it to any other reporter, or  
confiscate it.

Because of the obvious impor-  
tance of the above-mentioned  
document, my associate Jack Anderson submitted it  
to an authorized information of-  
ficer of the Pentagon for guidance  
as to what parts might harm the  
armed services, if published.

The document was not return-  
ed, either in whole or in part. It  
was confiscated and promptly  
made the basis for an investiga-  
tion and subsequent court martial  
of Col. Nickerson. At no time  
have I published anything from  
the document until today.

As far as I know, I have not  
met Col. Nickerson nor have I  
ever talked to him. He has the  
reputation of being an extremely  
able, high-class officer. It was  
understandable that he should be  
zealous to continue a guided mis-  
sile development in which he had  
achieved notable success.

I am not passing on the ques-  
tion of whether he should have  
submitted classified information to  
outsiders—if he did—though, so far  
as I know, no copies of the docu-  
ment went to any except patriotic  
Americans.

I might add that the seizing of  
a document submitted by a news-  
man for guidance is unprecedented  
during my experience in Wash-  
ington. It makes much more  
difficult the voluntary machinery  
of asking the military's advice on  
news which might involve se-  
curity — a system which bene-  
fits the military more than it does  
the newsmen.

Most of the Pentagon officials,  
including the secretary of the Air  
Force and the counsel of the De-  
fense Department, I have reason  
to believe, favored return of the  
document. It was not a Pentagon  
document, was not written by the  
Pentagon, was never seen by the  
Pentagon until submitted by Mr.  
Anderson.

Secretary of Defense Wilson  
personally refused its return.

I also asked that the Defense  
Department delete classified por-  
tions of the document and return  
the balance. This also was re-  
fused.

ville Calif., Mrs. Wildenhain learn-  
ed the craft at the Bauhaus, Wal-  
ter Gropius' influential art center  
in Weimar, Germany. She received  
the degree, Master-Potter, af-  
ter serving a seven year appren-  
ticeship.

Following educational and pro-  
fessional work in Germany, Miss  
Wildenhain left in 1933 and lived  
in Holland before coming to the  
U. S. in 1940. She taught for two  
years at the California College of  
Arts and Crafts before establish-  
ing Pond Farm.

The 61-year-old French-born pot-  
ter has been considered the lead-  
ing artist in west coast crafts cir-  
cles since coming to America. Her  
first midwestern show in 1941 was  
hailed by V. A. Middlebroff, chair-  
man of the University of Chicago  
Art Department, as "the first  
showing of modern pottery which  
is as good as the best of Chinese  
and Japanese. I say this without  
the slightest exaggeration."

Eugene Bunker, SIU pottery in-  
structor, said reservations for the  
seminars have been received from  
St. Louis, Wichita, Kan., and  
other regional cities.

## THE CHANNEL SWIM Hal March Set For Lead in Comedy- Detective Series

By WILLIAM EWALD

United Press Staff Correspondent

NEW YORK (AP) — The channel

swim.

Hal March, emcee of "The \$64-

000 Question," will branch out

next season. He's set for the lead

in a new comedy-detective series.

CBS-TV is planning a new juve-  
nile adventure series, "Nancy

Drew." Thus far, the network has

auditioned Robin Morgan, Natalie

Trundy and Diana Vander Vlis for

the lead.

Talk around NBC has it that

Eddie Fisher and George Gobel

will be teamed up next season for

a regular Tuesday night TV offer-  
ing.

Charles Van Doren, the "Twen-  
ty-One" wizard, is set as the first

guest when NBC radio reactivates

its old "Conversation" series.

CBS-TV is making a pitch for

Yul Brynner—it wants him to

front a drama series. It's be-  
ginning to look as if Bishop Sheen

won't be back on ABC-TV next

fall.

Mike Wallace's 9-year-old, Chris,

is one of the more than 200 kids

who have auditioned for CBS-TV's

"Let's Take a Trip." Giner and

Pud, the youngsters currently with

the show, are leaving.

ABC-TV has bought the Walter

Brennan series, "The Real Mc-  
Coys" for a fall showing.

"Richard Diamond, a Private De-  
tective," starring David Janssen,

is set at the summer replacement

for "December Bride."

NBC-TV's "Tonight" is thinking

of adding San Francisco as an-  
other home base.

"Giant Step," once set for an axing, has

had its lease renewed through

May on CBS-TV.

Evelyn Eloise Rudie is ticket-

ed in for a new series, "Cindy."

## Low-Line, High-Crop Clearance In New Allis-Chalmers Tractor

A new low-line, high-crop clear-  
ance 3-plow tractor, weighing ap-  
proximately 4,100 pounds, said to  
be a new concept in tractors, is  
announced by Allis-Chalmers, ac-  
cording to Reginald Riegel of Rie-  
gel Farm Equipment Sales, local  
Allis-Chalmers dealer.

Mr. Riegel and Bruce McGuire  
of the local firm and Ray W. Rein-  
hardt, Allis-Chalmers block man  
for this area, were in St. Louis  
Thursday and Friday to attend  
a sales meeting at the Allis-Chal-  
mers St. Louis branch where the  
new tractor was introduced.

Mr. Riegel says this new Model  
D-14 gives farmers the conveni-  
ences of a low-profile tractor, easy  
to get on and off, but with as  
much cultivating clearance as a  
high-wheel row-crop tractor.

Some of the other exclusive fea-  
tures in this tractor are a new  
power control system that permits  
shifting on-the-go to high or low  
range, providing 8 forward speeds;  
completely enclosed hydraulic sys-

tem; unusual comfort, security,  
and vision with the new easy-ride  
seat and wide roomy platform;  
and new power-crater engine rated  
at 35 hp plus (manufacturer's  
rating).

A new roll-shift front axle which  
also changes the spacing of front  
wheels for row widths is now avail-  
able for the first time in a tractor.  
This combines with power-shift  
rear wheels introduced by Allis-  
Chalmers in 1948 so that all wheel  
spacings can be changed without  
blocks or jacks.

Among other Allis-Chalmers  
"firsts" included in the new tractor  
are two-clutch power control;  
automatic traction booster; and  
snap-coupler hitch.

A brand-new line of "roll-in"  
quick-hitch cultivators that can be  
rolled into position and quickly  
put on or removed without wrench-  
es has been designed for the D-14.  
These are a part of the complete  
line of implements available for  
this tractor.

## Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—  
Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the  
first time science has found a new  
healing substance with the astonish-  
ing ability to shrink hemorrhoids  
and to relieve pain—without surgery.  
In case after case, while gently  
relieving pain, actual reduction  
(shrinkage) took place.  
Most amazing of all—results were  
so thorough that sufferers made

astounding statements like "Piles  
have ceased to be a problem!"  
The secret is a new healing sub-  
stance (Bio-Dyne®)—discovery of a  
world-famous research institute.  
This substance is now available in  
suppository or ointment form under  
the name Preparation H®. At your

By Frank Gruber

THE STORY: Cass Simcoe of Texas is not too well pleased when she learns that Chad Morgan is engaged to Helen Jagger, sister of Joe Jagger, Morgan's partner. Chad takes Cass to the hotel in Pawnee City to meet Helen.

XII

Morgan came into the hotel shortly after six, looked into the office behind the desk and saw it deserted. He crossed to the dining room door to see if Helen were eating and was surprised to see Cass Simcoe seated at a table by herself. She was still wearing Helen's dress.

Morgan went to her. She sprang up as she saw him approaching. "Mr. Morgan!" "Chad," he smiled. He looked over his shoulder toward the door. "Is your father coming down to supper?"

"He's gone out with the boys. Said he wouldn't feel right sleeping in a bed when they're out there. He made me stay here." "Worry came over her face. 'I'm scared.'"

"Of what?" "I don't know how to eat with all these forks and knives and spoons. We ain't—we haven't had anything at home for so long, ever since the war." For an instant her face looked as if she was going to burst into tears, but then she made a quick recovery. "I'm hungry—that's the only reason I came down."

"Then let's eat!" He stepped around, pulled out her chair to help her. She gave him a quick, stunned look, then seated herself.

Morgan and Cass were halfway through their meal when Helen Jagger appeared in the doorway. She saw Morgan and Cass Simcoe at a table. A sudden look of pique crossed her face, but she erased it quickly and came forward.

Morgan was already on his feet, drawing up a chair, "Sit down, Helen."

She shook her head. "No. I can't right now. Joe wants me to go over something with him." She started to turn away, then stopped. "That dress becomes you, my dear."

"Thank you," said Cass in a strange, choked tone.

Helen gave her a bright smile and walked off. Morgan looked after her.

"She's mad," said Cass.

Withers was a gaunt, beetle-browed man from East Texas, who would not be going back to his home territory. He had killed a man there.

He was standing beside Tom Alder and the press of players was crowding him against Alder. As the dealer shuffled for a new run of cards, someone on the left jostled Withers and he snarled at Alder on his right.

"You're crowding me!"

Alder looked at Withers and pushed gently against the man on his right. He got an inch of space, which eased him away from Withers. The dealer put his cards into his box and said, "Place your bets, gentlemen."

Withers fished a crumpled green-back out of his pocket, raked up all his silver and sweeping aside the two dollars that Alder had set on the queen of hearts, dumped his own money on the card.

Alder said, "Put my money back on the queen."

"I'm playing the queen. Keep your money off."

The dealer hesitated, noting the condition of Withers. He leaned across, gathered up Alder's two dollars and put them on the table just inside the queen, not touching Withers' money, but indicating that it also was bet on the queen.

Withers reached out and swept Alder's money away. One of the dollars rolled to the floor.

"You're not jinxing me with your two-bit bet," he snarled at Alder.

"Mister," said Alder, "get down on the floor and pick up my money."

Withers jerked back violently.

"What's that?"

"You've been trying to pick a fight with me," said Alder evenly. "You've got it, unless you pick up my money."

"Why, you dirty bushwacker!"

Alder hit him in the face with the back of his open hand. It sent Withers reeling back. He bumped into a man seated at a poker table, caromed away and almost went to the floor. He recovered and stood, eight feet from Alder, his feet planted wide apart on the floor.

"Reach for your hardware, you bushwacker!" he said through his teeth. "I been listenin' and hearin' about you all the way from Texas. You're so handy with a gun, let's see you use it now."

Alder held up his right hand, palm turned outward.

"I'm warning you, Withers. Force me and you're a dead man."

Withers's hand snaked down for the gun in the holster slung low on his right thigh. He was three-fourths drunk and his speed was presumably not as good as if he had been sober, but Alder gave him all the best of it. His gun hand was up, palm turned out. It did not go for Alder's own weapon until Withers's hand had touched his revolver, was drawing it from the holster.

Then the hand moved—fast.

Only one gun spoke. Tom Alder's.

Withers's gun was clear of its holster, but it clattered to the floor in the instant of dead silence that followed the explosion of Tom Alder's gun.

Then Withers was gasping, choking. Then he folded forward, his face hitting the floor of the saloon even before his knees.

### Japan Asks Russia To Suspend A-Tests

TOKYO (UP)—The Japanese Foreign Office announced today it had appealed to the Soviet Union to suspend all further nuclear tests.

The demand, delivered in Moscow two days ago, followed three formal protests to Britain asking it to call off its Christmas Island hydrogen bomb experiments.

Japan also recalled that in February last year it delivered to the United States, Britain and the Soviet Union resolutions adopted by the Japanese parliament appealing to the three major powers to suspend nuclear tests.

## Result of Earthquakes Hawaii, Japan and California Repair Damage from Tidal Wave

HONOLULU (UP)—Residents of Hawaii, Japan and California today worked at repairing damage caused by a quake-spawned tidal wave that fanned out across the Pacific from the Aleutian Islands.

The tidal wave was the result of two huge earthquakes that shook the ocean floor off the Aleutians Saturday.

The University of California reported another large earthquake Sunday night. The university's seismographic laboratory said the quake was about 3000 miles from Berkeley in an undetermined direction.

The new quake was first felt at 10:20 p. m. EST and had "just about died out" three hours later. Two persons lost their lives as an indirect result of Saturday's tidal wave in Hawaii. Sarah Park, 19, reporter from the Honolulu Star Bulletin, and a pilot, Paul Beam, were killed when the small

plane from which they were observing the tidal wave crashed into the ocean.

Gov. Samuel Wilder King of Hawaii declared the north coast of Kauai Island a disaster area. Territorial officials estimated the damage at "hundreds of thousands of dollars."

The tidal wave washed away two small villages, destroying 30 homes and four bridges. Damage was slight elsewhere in the Hawaiian Islands but the beaches were littered with dead fish and debris.

In Japan, waves two to three feet high hit the eastern coast of Hokkaido, Japan's most northerly island, early Sunday. The tidal wave destroyed or damaged 145 homes and 18 boats.

Reports of the tidal wave caused an alert up and down the California coast. Hours after the danger was thought to be over, a sweep of water swept into San Diego Bay Saturday night, causing minor damage to five private boats and causing \$5,000 damage to floating wooden docks.

NEW YORK (UP)—Activity in American Motors stock sent stock sales up today in an otherwise dull and irregular market.

The issue opened on 20,000 shares at 7 1/4, up 1 1/4, firmed to 7 1/2 and then dipped to 7. It constituted 7 per cent of all the business done on the market in the first two hours. The activity reflected reports Louis E. Wolfson is seeking to take over the company.

Dow Jones noon averages: Industrial 470.02, off 1.61; rail 142.13, off 0.59; utility 70.80, up 0.06, and 65 stocks 166.21, of 0.44.

### AFL-CIO Supports Democratic Bill to Aid Jobless Areas

WASHINGTON (UP)—The AFL-CIO and Americans for Democratic Action today supported a Democratic program that would provide \$325 million in loans and grants to help areas with chronic unemployment.

William F. Schnitzler, secretary-treasurer of the AFL-CIO told a Senate Banking subcommittee that greater federal aid is needed than that provided in the administration's \$50 million program.

John J. Gunther, ADA's legislative representative, said the administration proposal lacks "bold, energetic action, backed by enough money to start these distressed areas on the upward spiral to prosperity."

Schnitzler quoted statistics from the U. S. Department of Labor showing a substantial labor surplus persists in 16 major labor market areas in the country.

"An additional 58 smaller labor market areas," he said, "still are similarly classified, and the list would be longer if all the smaller areas were generally surveyed."

He urged Congress to pass a bill authored by Sen. Paul H. Douglas (D-Ill.) authorizing \$200 million in federal loans for industrial and rural redevelopment. The bill provides that loans could be made to 75 per cent of the cost of the projects.

### Rites at Equality for Mrs. Martha Ann Mulvey

### Judge Dies

CARLINVILLE, Ill. —Circuit Judge Louis E. Wilhite, 73, Carlinville, died at a hospital Sunday.

Wilhite was a judge in the 7th Judicial Circuit, which includes Sangamon, Macoupin, Morgan, Jersey Greene and Scott counties. He left the bench on a 30-day leave of absence last month because of illness.

He was a former Macoupin county superintendent of schools.

### David Duke Hurt In Excitement At Carrier Mills

David Duke, local youth, was treated at Lightner hospital for injuries received during the excitement at Carrier Mills Friday night.

Harrisburg city police reported that four boys brought young Duke to the local station, that Duke had a big cut over the eye and across the nose.

They took him to Lightner hospital for treatment.

Police said the boys told them they had been to Carrier Mills and had an argument and that a man came out and pushed Duke into a partly open car door, cutting his face.

There has been no charges filed in the incident this morning.

### Diver Drowns Seeking Bodies Of Two Tourists

New York Man,  
Woman Slain in  
Acapulco Harbor

ACAPULCO, Mexico (UP)—Apolonio Castillo, Mexican Olympic swimming champion was drowned early today while searching Acapulco harbor for the bodies of two murdered New York tourists.

Castillo, 32, was one of several frogmen looking for the bodies of attorney Joseph Michel, 70, and Mrs. Edith Hallock, 63, who were killed and tossed into the harbor by a Mexican travel agent and his illiterate handy man.

Castillo, who represented Mexico in the 1956 Olympics, was wearing an aqualung when he disappeared. It was not known if his oxygen failed.

Luis Fenton, 33, a hotel tourist agency owner, and Daniel Rios admitted Sunday they beat Michel and Mrs. Hallock to death with a baseball bat on Feb. 20, after robbing them of \$80,000 worth of jewelry and about \$160 in cash. The victims' bodies, bound in chains, were tossed from a glass-bottomed boat.

A Simple Boat Ride  
"It was just a matter of arranging a simple boat ride," mastermind Fenton, 33, told police.

Rios, 35-year-old father of five children, who worked for Fenton for \$1.60 a day, said Fenton offered him 30,000 pesos (\$2,400) to bludgeon Michel and the wealthy widow with a baseball bat.

The fatal voyage in a glass bottom boat lasted only 40 minutes, the murderers said, then they returned to shore and calmly took another tourist couple out into the bay to fish until 1 a. m.

Police took the confessed killers out on the boat Sunday to re-enact the crime a mile off this famous scenic resort.

The men said Michel was killed first. Fenton held the struggling Mrs. Hallock while Rios knocked her unconscious. "Just like I was hitting out home runs," Rios said. "Michel never knew what hit him," he said.

When Mrs. Hallock leaped to her feet, Fenton grabbed her while Rios hit her with the bat, according to the confessions.

"It was simple," Rios said. "There was no struggle. There was only one little yelp. I don't think they really knew what hit them."

Rios told police he did not hesitate when Fenton offered him 30,000 pesos to wield the bat.

"I would die for 30,000 pesos," he said. "It was just the same to me—murder or robbery—when I heard about the 30,000 pesos."

Rios said he was "only a little sorry" for what he had done and "probably" would do it again. "If I got the chance."

### Eisenhower Clears Desk Before Leaving For Florida Vacation

WASHINGTON (UP)—President Eisenhower called congressional and Cabinet leaders to separate White House conferences today in an apparent effort to clear his desk before departing for a brief vacation in Florida.

Press Secretary James C. Hagerty said the President's cough and cold are "improving" and the inflammation of his left ear is "getting better."

While plans for the Florida trip are not definite Hagerty said Mr. Eisenhower still expects to leave later this week for a few days of sun and relaxation before flying to his meeting with British Prime Minister Harold Macmillan in Bermuda.

## House Sworn In As Justice

SPRINGFIELD (UP)—Byron O. House, Nashville, was sworn in today as justice of the Illinois Supreme Court.

### GOP Judicial Convention At Cairo March 19; Incumbents Endorsed

The Republican Judicial convention, to nominate circuit judges for this district, will be held at Cairo Tuesday, March 19, starting at 10 a. m.

It has been learned that every GOP county committee in the district has endorsed the incumbent judges, C. Ros Reynolds of Vienna, Harold Zimmerman of Marion and Clarence E. Wright of Carbondale, for renomination.

About one-fifth of the public high schools in the United States have driver education classes.

Chief Justice Ray I. Klingbiel, Moline, administered the oath to House in brief ceremonies opening the March term of the court.

About 100 persons attended the swearing-in ceremony, including House's wife, Mildred, his daughter, Dorothy, 25, and his son, James, 30, and James' wife.

Also present were Gov. William G. Stratton, Atty. Gen. Latham Castle and Illinois Finance Director Morton H. Hollingsworth.

House, 54, was elected Feb. 25 in a special election to fill the vacancy created in the 1st Supreme Court District by the death of Justice Ralph L. Maxwell, also of Nashville.

House is a brother-in-law of Maxwell.

The 1st District comprises the southernmost 24 counties of the state.

### A 24-Hour Operation

DES MOINES, Iowa (UP)—A district judge had no trouble dividing a car between a 21-year-old couple in a divorce settlement. The judge ruled Leon Burk should use the car by night and his ex-wife should drive it by day. The Burks agreed without complaint.

### National Council of Churches to Build Radio Transmitter in Mid East

NEW YORK (UP)—The National Council of Churches will build a 100,000-watt radio transmitter in the Middle East to beam programs to that area's varied peoples and religions.

The transmitter will give Protestant churches "a really adequate Christian voice in the Near East and the Moslem world for the first time," Dr. W. Burton Martin said Sunday.

### Sentenced to 90 Days in Jail

Gilbert Joyner of Harrisburg, placed in a city jail cell Friday night on a charge of intoxication, was sentenced to 90 days in the county jail Saturday by Justice of the Peace Vern Joyner Jr. on charges of damaging public property.

The city jail cells have been redecorated completely and new mattresses placed on the bunks within the past several days and a hunk of plastering was torn out of the wall by Joyner, Police Chief Ross Lane stated.

His companion, Owen Reynolds of Shawneetown, was fined for intoxication and was jailed to lay out the fine when he did not have the money to pay it.

Lane said six persons were arrested over the week-end on intoxication charges.

## SIU Wrestlers Win Loop Title

NORMAL, Ill. — Southern Illinois University continued its dominance over Midwest Conference college wrestling by taking first place in six of the nine weight classifications in the championship meet.

Southern won the title easily Saturday with 68 points, and saw one of its team members, sophomore Lee Grubbs of Overland Mo., named outstanding wrestler of the meet.

Second place went to Northern Illinois with 43 points, and the host team, Illinois Normal, was third with 39 points. Other totals were Eastern Illinois 32, Western Illinois 17, Eastern Michigan 14, and Central Michigan 11.

## Sectional Seats On Sale Tuesday At High School

### Bull Dog-West Frankfort Game To Open Tourney

The Harrisburg Township high school today had nearly 1,200 reserved adult seats and 300 student tickets for the Harrisburg-West Frankfort game in the West Frankfort sectional tournament Wednesday night.

They are scheduled to go on sale to the general public at the high school tomorrow. They also will be available at the Athletic House.

Athletic Director Lawrence Caluffetti, who went after the tickets, said there are no permanent chair seats, but that the adult tickets are for reserved bleacher seats and for folding chairs on the floor.

The student tickets are not reserved but are all in one bloc.

Price of the reserved bleacher seats and chair seats on the floor are 90 cents. Student tickets are 40 cents and identification must be had to get them.

The Harrisburg-Frankfort game will open the tournament and Thursday night Mt. Vernon will face Brookport. Friday night the two winners will play for the championship.

### One Substitution in Regional

The Harrisburg Bull Dogs of Coach John Dotson were iron men in winning the Norris City regional tournament last week. They played three hard games in beating McLeansboro, Norris City and Carrier Mills on successive nights with but one substitution. Toward the end of the Norris City game Charles Cummins fouled out and his place was taken by his twin brother, Jim.

In meeting West Frankfort, Harrisburg will be meeting a team on its own floor that beat the Bull Dogs twice during the regular season. On Dec. 21 the Red Birds won, 72-53, at West Frankfort, and they won here Feb. 1, 66-61.

Officials for the Frankfort tourney are Joe Prada of East St. Louis and James E. McCoskey of Murphysboro.

Officials for other area tournaments are: At Herrin, C. L. Harris of Carlyle and Claude W. Rhodes of Benton. At Bridgeport, Robert D. Blom of Benton and Stuart Schmidt of West Frankfort. Strength of the South West basketball conference is revealed in the fact that five of the seven teams are in sectional play. Centralia is playing at Vandalia. Herrin at Herrin and Harrisburg, Mt. Vernon and West Frankfort at West Frankfort.

## Michigan State, Illinois, Minnesota, Wisconsin Split Four Sports Championships

By United Press  
The New York Yankees' best hopes and the American League's worst fears were fanned today as a result of Bobby Shantz's Grapefruit League debut.

The hard-luck left-hander, dogged by injuries since he was the league's most valuable player in 1952, spun three scoreless innings as the Yankees beat the St. Louis Cardinals, 9-6, Sunday and reported his arm felt fine. He yielded only two hits and struck out two batters.

The Yankees had a couple of other items to cheer about as they gained their first victory of the spring. Mickey Mantle played four innings and delivered two hits, stole a base and scored three runs. And Andy Carey, fighting for his job at third base, hammered a three-run homer off Wilmer (Vinegar Bend) Mizell to spark a four-run first-inning.

### Landis Leads Chisox

Rookie sensation Jim Landis, only a 257-hitter at Memphis last year, continued his bid to win a regular job with the Chicago White Sox with a perfect day at the plate in a 6-4 win over the Cincinnati Redlegs. Landis smashed a triple, a double and two singles and knocked in the game-winning runs in the seventh inning.

The Pittsburgh Pirates scored their second straight victory when they beat the Philadelphia Phillies, 7-4. Hank Foiles collected four singles and Bill Mazeroski had a double and two singles to lead the Pirates' 13-hit attack. Bob Friend yielded two runs and six hits in three innings.

A crowd of 10,600 at Miami saw the Milwaukee Braves shell Sal Maglie for three homers and six hits in less than four innings en route to a 7-4 decision over the

## Missouri Valley Cage Official Wins Vindication

ST. LOUIS — A Missouri Valley Conference basketball official today had won at least temporary vindication in his fight to clear himself of gambling "fix" charges brought by a national magazine.

The referee appeared before a meeting of a conference committee Sunday and categorically denied all rumors printed by the magazine, Sports Illustrated.

Conference President Rev. Charles L. Sanderson S. J. of St. Louis University said the group's investigation had not found any "solid facts" to substantiate the reports of a basketball fix. Father Sanderson said the committee would continue its inquiry with the "full cooperation" of the referee.

Members of the committee expressed their disappointment over the failure of Sports Illustrated to send the author of the article, Robert Boyle, to the meeting. An executive of the magazine told Father Sanderson in a telephone conversation that Boyle was "unavailable."

### Neighbors and Friends Build Home for Invalid

(Continued from Page One)  
Page, pastor of the Methodist church at New Burnside, where Dewey has been a member for years, offered prayer.

Then, with Dewey, his wife, Flo, and son, Mike watching from a window, the work started.

Some materials arrived early. But the big work Saturday was the digging of the basement and cistern and pouring of the basement floor and walls. All this work was a contribution of the Stille Construction company of Marion.

Materials have been donated by the Vienna Lumber, Bob White Lumber and New Lumber companies, all of Vienna; Gene Oshel of Vienna gave the tile for the bathroom; Everett Henshaw of Marion, Highway Lumber of Carrier Mills and Tison and Hall of Harrisburg also have promised materials and a hot water heater and a storage tank was given by John Holland, Vienna.

The King Specialty company of Mayfield Ky., has promised a living room suite and another, who wished the name to remain a secret, will give a bed room suite.

Dewey stated Saturday he didn't know just what started the paralytic condition.

In 1937 he was seriously ill with double pneumonia and spent eight weeks in hospitals. Shortly after he began to have pains and drawing sensations in his body. Some think the pneumonia was responsible.

In 1934 he suffered a hard fall in a high school basketball game and others think the trouble stems from the fall. No one knows.

In 1938 Dewey entered a hospital in Chicago for spinal surgery. He spent eight months and 17 days for treatment and examinations.

National League champion Brooklyn Dodgers. Hank Aaron and Ed Mathews kayoed Maglie when they led off the fourth inning with homers and Johnny Podres, making his first appearance since his discharge from the Navy, was tapped for two more runs.

### A's Blast Tigers

In other Grapefruit League action:

Vic Power and Jim Pisoni hit two-run homers as the Athletics crushed the Detroit Tigers, 13-4.

Pedro Ramos and Camilo Pascual, Washington's much-sought-after pitchers, collaborated in a seven-inning hit that gave the Senators a 4-1 triumph over the Boston Red Sox.

Gail Harris, who had walloped a three-run homer in the fifth, singled with the bases filled and two out in the 10th inning to give the New York Giants a 9-8 win over the Cleveland Indians. And Bill O'Dell, Mike Fornieles and Don Ferrarese combined in a two-hit pitching effort as the Baltimore Orioles downed the Chicago Cubs, 6-0.

## Sectional Play Expected to Bring Pinckneyville-Herrin Rematch

### Both Entered in Same Tournament On Tigers' Floor

By United Press  
The Herrin, Macomb, Sterling and Moline sectionals figured today to offer the stiffest competition in the chase for the 1957 state high school basketball championship.

Sectional play starts at 15 downstate centers Wednesday, with the winners to be crowned Friday night and the Chicago Public League champion advancing to the supersectionals the following Tuesday.

Third-ranked Pinckneyville and fifth-ranked Herrin, one of the two teams in the state to beat the Panthers this season, are both entered at Herrin.

Sentiment and psychology could be a big factor if the two southern powers moved into the sectional final against each other. Coach Duster Thomas, who has put Pinckneyville on the basketball map, has announced this will be his last season and his Panthers will be out to make it a successful one.

### Rematch Appears Likely

Pinckneyville (28-2) should find little trouble in disposing of Tamm (27-1), its first round foe. Likewise Herrin (25-2) is considered able to handle East St. Louis (14-12) in its first round game.

This would set the stage for a stirring rematch of the two powers. Herrin edged the Panthers 45-42 in regular season play. The Tigers also would have a home floor advantage in the sectional final.

The Macomb sectional could produce another rugged battle, between Pekin's Chinks, ranked 13th in the state on a 22-4 record, and Peoria Central (21-5) which fell from the ratings in the final weeks of the campaign. The teams split a pair of regular season contests.

### Champs Play Forreston

At Sterling, defending state champion Rockford West, looking for its third straight title, takes a 19-4 record into its first round clash with Forreston (25-2). In the other bracket are Freeport, whose 12-10 record includes two losses to West, and Rock Falls (23-6), which can be counted on to give West a run for the money if the two get to the final.

The Moline sectional could result in a final between Rock Island's fourth-ranked Rocks (24-2) and Galesburg's Silver Streaks, who have a 20-6 record and fell from the top 15 in the last weeks of the season.

Rock Island meets Alwood (24-6) in the first round while Galesburg takes on Fulton (23-5).

### Elgin Meets De Kalb

Collinsville and Elgin, rated the No. 1 and 2 teams in the state,

months stay his hips were broken so his body could be moved to a sitting posture.

He is the son of Mr. and Mrs. Earl J. Simmons, New Burnside, both deceased. He has a sister, Mrs. Lavena Duncan of Marion, and two brothers, Carl Simmons, Lake Zurich Ill. and Richard Simmons, Peoria.

The "Dewey Simmons Fund" is off to a fine start, but much more is needed to carry it to completion.

This cheerful young man, almost 100 per cent an invalid, hasn't asked for help. The idea originated with friends who wished to do something for someone they had known and loved since childhood. They ask that anyone wishing to help, mail contributions to "The Dewey Simmons Fund," New Burnside.

## 736 Nominated For 81st Running Of Preakness

BALTIMORE, Md. — A list of 136 nominations for the 81st running of the \$100,000 Preakness Stakes was announced today by Executive Director Louis Pond of Pimlico, completing the eligibility list for the Triple Crown classics.

Officials at Churchill Downs previously had announced a list of 133 nominations for the 83rd running of the \$125,000 Kentucky Derby by May 4, while the Belmont Stakes drew 147 eligibles for its 89th running June 15.

The Calumet Farm of Mrs. Gene Markey topped the Preakness nominators with six horses. Its Gen. Duke, hottest development of winter racing, and Barblon, champion two-year-old of 1956, along with Iron Liege, Simon Kenton, Whig and Boone Blaze were named for the mile and three-sixteenths classic.

Calumet Farm's chief threat to a sixth triumph in the middle jewel of the Triple Crown is Wheatley Stable's Bold Ruler, winner over Gen. Duke in the recent \$100,000 Flamingo Stakes after bowing to Gen. Duke in the Everglades Stakes.

## Letter Defends HTHS Students Following Important Cage Victory

The following letter has been received in answer to the criticism of actions by students following the Bull Dog victory Friday night:

"There's a lot more to winning than coming out on top in the final score. Most everybody knows that but there are always a few who do not.

"Yes, that is a very true statement, there are always a few who have to 'rub it in' no matter what the consequences may be. Those few have really made the whole of HTHS look bad to outsiders and to the adults of our community. Some may even think of us as juvenile delinquents, but do all of you really know all the facts?

"The Carrier Mills Wildcats have most certainly beaten the Harrisburg Bull Dogs on two different occasions this year. The first game by a wide margin, but the second game by only two points. This last game was an extremely hard loss for the Bull Dogs and their fans to take because our team really played ball that night. They did everything they could to win that game.

"The game that was staged Friday night meant more to the HTHS students and Bull Dog followers, the two coaches, our principal, and most of all, the team, than anything could possibly mean. This was the important game of the tournament. Carrier Mills had defeated us twice and we weren't going to let them defeat us for a third time in the same year.

"This article is being written on behalf of those HTHS students who did not go to Carrier Mills after the game Friday night and there were quite a number of students who did not go down there. "All odds were against Harrisburg Friday night except the fact that the Bull Dogs and fans were determined to beat the Carrier Mills Wildcats. Carrier Mills has an exceedingly good ball club and the one thing that probably lost them the ball game was that they thought that they had the game "in the bag" before the game even started. They probably thought our team was a push-over, but we (the Bull Dogs that is) showed them different. They have height and that is an outstanding feature of their team; whereas, Harrisburg does not. Charlie Cummins has spent more time getting up off the floor after being knocked down this year by our opponents than any other team member of all

Southern Illinois basketball teams put together. The "big boys" walk all over him. Charlie has proved himself to be a wonderful ball player in spite of his smallness.

"Friday night Harrisburg was playing under two handicaps—Ray Hassett's ankle, and Wayne Stone's back—but yet they both played throughout the entire game, and we beat Carrier Mills!

"We did not want to beat the Wildcats by 10 or 15 points, that would not have been very likeable or even very probable because as everyone knows—either way the ball game went that night, it would have been very close. They beat us by two points in a previous game and we were all very much disturbed by this. As you know, being defeated by one or two points hurts so much more than 10 or 15.

"This may not be published, but there's nothing like hoping and praying that it does. We can't even sign it, because if we did, there wouldn't be enough room for any more articles in your paper.

"We want the people of Harrisburg to really get behind their Bull Dogs and really back them this week and next week and forever, because wanting to win and knowing that others want you to win helps our boys and your boys really win.

"Come on, Harrisburg, let's show them that we're still behind them and that we will always be. Go get 'em, you Bull Dogs! Go, fight, win!"

## Social and Personal Items

### Miss Phyllis Jane Robson, Charles Alfred Koltz Wed

Mr. and Mrs. Charles Alfred Koltz

Large baskets of featured carnations with an assortment of gladioli and mums decorated the Trinity Lutheran church in Harvard, Ill., Saturday, Feb. 16, for the wedding of Phyllis Jane Robson and Charles Alfred Koltz.

Miss Robson is the daughter of Mr. and Mrs. Joseph Robson Jr., formerly of Harrisburg, and now of Harvard, Ill. Charles is the son of Mr. and Mrs. Alfred Koltz, also of Harvard.

The Rev. Luther C. Mueller officiated at the impressive double ring candlelight service. Mrs. Dorothy Zimmerman played the organ.

The bride, given in marriage by her father, wore a white waltz length gown designed with chantilly lace bodice and sabrina neck line. The long fitted sleeves tapered to points over the hands. The skirt was tulle over chantilly lace and satin. She wore a chapel length illusion veil with a head piece of simulated pearls of matching design with lace in the gown. She carried a white orchid on a white testament, a gift of Mrs. P. W. Sherman, former music tutor. The traditional "something old, new, borrowed and blue," was carried out.

Mrs. Margaret Counsell, cousin of the bride, was matron of honor. She was attired in a tailored pink silk shantung dress, blue feathered hat, and carried a white and pink feathered carnation bouquet tied with a blue ribbon.

Mrs. Mary Jane Conley, sister of the bridegroom, was the bridesmaid. She was attired the same as the maid of honor.

Jack Stahl, lifetime friend of the bridegroom, was best man, and Harry Stafford, also a friend, was the groomsmen.

Jerry Robson, brother of the bride, and Robert Havens, friend of the groom, were ushers. Master John Robert Conley, three year old nephew of the groom, was ring bearer.

The bride's mother chose a pink brocade jacketed dress for her daughter's wedding. She wore black and winter white accessories and a camelia corsage. The bridegroom's mother wore a pink brocade dress with pink and black accessories. She wore a camelia corsage also.

A reception for 200 guests was held in the church parlors immediately following the wedding. Pink and white was the theme of decorations on the bride's gift table. Refreshments, including cake, pink punch, coffee, mints and nuts were served by the Trinity League Society.

The four tiered white wedding cake was trimmed with pink and topped with a wedding bell decoration. The cake was cut and served by "Little Sisters" of the bride from nurses training, Patricia Syverson of Oak Park, and Nancy Baldwin of Maywood. Mrs. Pearl Miller, aunt of the bride, served the punch. Mrs. Sonya Stafford was in charge of the guest book.

When the couple left in their car for a two week tour of the South and Florida, the bride was wearing a black sheath dress with striped shortie jacket. She wore white and black accessories and a white orchid.

The couple is now at home at 106 McKinley in Harvard and will be there until their new home is completed in building.

Phyllis is a graduate of Harrisburg Township school and the Presbyterian Hospital School of Nursing of Chicago. She is a registered nurse and is now employed at the Memorial hospital for McHenry county in Woodstock.

Charles is a graduate of Harvard Community school and has recently completed five years in the U. S. Navy. He is now an electrician employed in Harvard.

Out of town guests at the wedding include Mr. and Mrs. James Conley and Patricia, Mr. and Mrs. William Counsell, Mr. and Mrs. John Stewart and Mr. and Mrs. Joseph Stewart, Chicago, Mrs. C. W. Miller, Prophetstown, Miss Nancy Baldwin and Miss Patricia Syverson, Maywood, Mr. and Mrs. Alfred Johnson and Mr. and Mrs. Swan Bloom, Rockford, Mr. and Mrs. J. R. Hillis and family, Farmer City, Ill., Mr. and Mrs. Fred Stahl, Walworth, Mrs. Frieda Schell and Ronnie, Edgerton, Mr. and Mrs. Kenneth Rich and family, Jonesville, Mr. and Mrs. William LaBodie and family, Burlington, Miss Maxine Hemil, Mr. and Mrs. F. H. Wetzel, and Mrs. Julius Wetzel, Milwaukee, Wis.

Cecil Frohock has returned home from Barnes hospital after major surgery.

Carl Stuby, who has been in the Veterans hospital at Hines, Ill., has been returned to the Veterans hospital at Marion. His room number is 219.

## MEN PAST 40

Troubled with GETTING UP NIGHTS  
Pains in BACK, HIPS, LEGS  
Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles.

Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy.

The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life.

The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept. 3763, Excelsior Springs, Mo.
